## Trends in Student Borrowing

A summary of five-year trends in undergraduate borrowing for public institutions in Virginia. The underlying data can be viewed and explored further at http://research.schev.edu/info/Reports.Guide-to-the-Graduate-Debt-Reports

## Total Public Four-Year Institutions

Four-Year Bachelor's Degree
Graduates from 2014-15 to 2018-19
Student Loans

## Known Debt at Graduation of Student Borrowers by Quartiles

Known Debt at Graduation of Student Borrowers

| Year | \% of grads | 25th Percentile | Median | Estimated Payment <br> on Median Debt | Mean | 75th Percentile |
| :---: | ---: | ---: | ---: | ---: | ---: | ---: | ---: |
| $2014-15$ | $59 \%$ | $\$ 16,500$ | $\$ 26,752$ | $\$ 284$ | $\$ 27,959$ | $\$ 34,196$ |
| $2015-16$ | $58 \%$ | $\$ 16,835$ | $\$ 26,718$ | $\$ 283$ | $\$ 28,501$ | $\$ 34,646$ |
| $2016-17$ | $58 \%$ | $\$ 16,000$ | $\$ 26,075$ | $\$ 277$ | $\$ 28,703$ | $\$ 34,762$ |
| $2017-18$ | $58 \%$ | $\$ 16,000$ | $\$ 26,000$ | $\$ 276$ | $\$ 28,937$ | $\$ 34,700$ |
| $2018-19$ | $57 \%$ | $\$ 16,328$ | $\$ 25,765$ | $\$ 273$ | $\$ 29,638$ | $\$ 34,900$ |

Note: The four-year bachelor's degree mean and median debt levels reported on this site may differ from that reported by individual institutions. Many institutions report indebtedness based on the Common Data Set definition, which limits the indebtedness level reported to include only those students who entered the institution as first-time in college (FTIC) students. The inclusion of graduates who entered as transfer students may tend to lower the overall mean or median debt level because it does not include any debt that transfer students acquired while attending previous institutions outside Virginia and relatively few transfers from Virginia's two-year colleges incur debt prior to transfer. Repayment estimates assume a standard 10-year repayment rate, and a $5 \%$ interest rate for undegraduate loans (for which multiple interest rates exist) and $6.8 \%$ for graduate and professional programs. Borrowers with federal loans may be eligible for Income Driven Repayment, which may result in lower payments.

Note: The four-year bachelor's degree mean and median debt levels reported on this site may differ from that reported by individual institutions. Many institutions report indebtedness based on the Common Data Set definition, which limits the indebtedness level reported to include only those students who entered the institution as first-time in college (FTIC) students. The inclusion of graduates who entered as transfer students may tend to lower the overall mean or median debt level because it does not include any debt that transfer students acquired while attending previous institutions outside Virginia and relatively few transfers from Virginia's two-year colleges incur debt prior to transfer. Repayment estimates assume a standard 10-year repayment rate, and a $5 \%$ interest rate for undegraduate loans (for which multiple interest rates exist) and $6.8 \%$ for graduate and professional programs. Borrowers with federal loans may be eligible for Income Driven Repayment, which may result in lower payments.
