3 Postsecondary Preparation

GEAR UP Virginia YEAR IN REVIEW

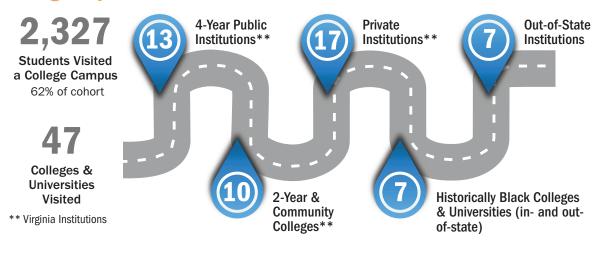

1,200+

Students and parents were provided with additional academic advising and planning

Many [students] are beginning to respond with enthusiasm when discussing their higher education goals. Higher education is now being viewed as an obtainable goal by both students and parents.

2017-18 GEAR UP Virginia

Year In Review

Gaining Early Awareness and Readiness for Undergraduate Programs (GEAR UP) is a national college access initiative funded by the U.S. Department of Education. The goal of this program is to increase significantly the number of students in disadvantaged communities who are prepared for, pursue and succeed in postsecondary education, whether that is a bachelor's degree, associate degree or qualified certification.

Administered by the State Council of Higher Education for Virginia (SCHEV) GEAR UP Virginia (GUV) began in the 2014-15 academic year with a cohort of over 4600 seventh-grade students in 15 school divisions throughout the Commonwealth. During 2017-18, the fourth year of the grant, GEAR UP Virginia partnered with 24 high schools in these school divisions to provide program and equipment funding, professional development for educators, collaboration opportunities, scholarships and myriad other services.

{ Cohort Snapshot }

15

school

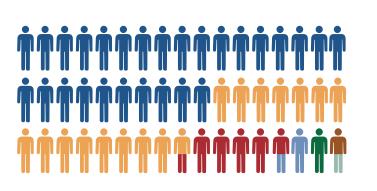

divisions

3,763 students

931 educators participated in professional development (2,650+ hours) 547 parents/guardians participated in GUV activities 20 high school seniors experiencing homelessness

were served (100% graduation rate)

4,500+ non-GUV students were provided services

54%	Black or African American
31 %	White
L0%	Hispanic or Latino
3%	Two or More Races
